

Environment Policy Statement

Assembly Solutions Ltd recognises the environmental implications of its activities and is committed to good environmental practice. We are committed to a clean and healthy environment.

We are committed to:

- Complying with environmental legislation and regulatory requirements.
- A programme of continuous improvement in the prevention of pollution.
- Use of energy efficiently.
- Segregation of waste.
- Reusing and recycling our waste where possible and to explore new avenues for the recycling and reuse of materials where it is commercially beneficial.
- Minimising and disposing of unavoidable waste in a safe and responsible manner.
- Communicating the policy to our suppliers, customers and interested parties as well as internally to our employees ensuring that they understand and implement the relevant aspects of the policy.
- Annually review our progress and monitor our achievements against set targets and objectives.

The environment policy statement shall:

- Be appropriate to the purpose and context of the organisation and supports its strategic direction.
- Provide a framework for setting environment objectives.
- Include a commitment to satisfy applicable requirements.
- Include a commitment to continual improvement of the integrated management system.
